

BLUE

TAKE THE HELM

For the wind in your face and limitless escapes.
For the dream. For a Burger that's uniquely
yours - **to drive your own adventures.**

INTRODUCING *BLUE*

A Burger 48 Cruiser is the opportunity yacht owners and enthusiasts have been waiting for. An alternative to production boats. A Burger you can enjoy on your own. To escape. To cruise into your own limitless adventures. A yacht crafted to your unique mission and requirements, combining your vision with our heritage.

Owning a Burger 48 Cruiser allows you to create an artistically crafted Burger of your very own. High quality finishes and custom design opportunities create an ideal setting to embark on a lifetime of adventures. **Burger Care**[®] provides customized service for your needs.

BLUE is the perfect heirloom for her owner to collect a lifetime of memories with family and friends.

START YOUR JOURNEY

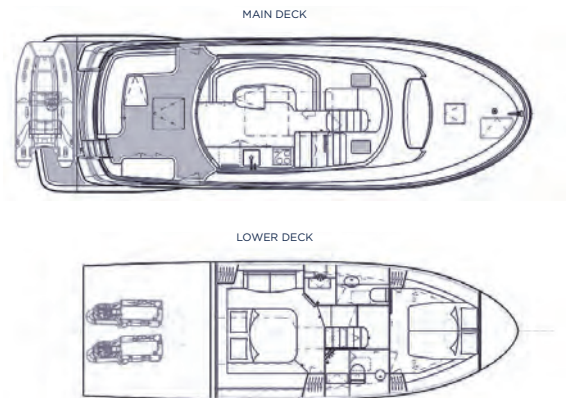

An all-new Burger Cruiser lets you incorporate your own design elements into a yacht that is uniquely yours. BLUE features luxurious staterooms with ample comfort in an interior designed by De Basto Designs. Her exquisite salon enables her owner to bring the outdoors in through polished, curved stainless steel double doors, side opening windows and a retracting glass hardtop.

A Burger Cruiser is a striking invitation to explore and entertain friends and family in a yacht that captures the artistically crafted details Burger is so well known for and the yachting community has come to expect.

EXTREME COMFORT AND CONTROL

Quality. Craftsmanship. Exceptional comfort at sea resulting from Vripack's® revolutionary Slide Hull®. This patented hull design provides a cruising speed of 26 knots and a top speed of 31 knots in extreme comfort. Alustar aluminum is used exclusively to provide more strength than typical marine grade aluminum without adding weight. Twin Volvo Penta IPS drives with joystick control provide enhanced maneuverability.
